

Sunday, October 19th 2025 **The Frick Collection in NYC**

The collection originated with Henry Clay Frick (1849–1919), who bequeathed his home, paintings, sculptures, and decorative arts to the public for their enjoyment. The institution's holdings—which encompass masterworks from the Renaissance through the nineteenth century—have grown over the decades, more than doubling in size since the opening of the museum in 1935. A critical component of the institution is the Frick Art Research Library, founded in 1920 by Helen Clay Frick, daughter of the museum's founder. Come see this newly renovated building and collection.
